<u>47-48 A.D.</u>	Saul and Barnabas on first missionary journey—Acts 13:1-14:25
<u>49 A.D.</u>	Paul goes to Jerusalem to meet with the Jewish apostles—Acts 15:1-29, Galatians 2:1-10. This is his second visit according to Paul and his third according to Luke. This is <u>not</u> a contradiction. Luke tells us of things Paul did which are not mentioned by Paul in his epistles, and vice versa. Paul does not state in Galatians 2:1 that this was his second visit to Jerusalem. He simply dates it as fourteen years later.
